

TEACHING FOREIGN LANGUAGE CALLED PATRIOTISM BARRIER

WASHINGTON, April 14.—Exclusion of all spoken languages except English from the public schools as the most essential element in the development of the American consciousness was urged by Mrs. George Thacher Guernsey, President General of the Daughters of the American Revolution, in an address today at the opening of the annual congress.

"It has been demonstrated," Mrs. Guernsey declared, "that one of the greatest barriers to patriotism is a foreign language. This war has taught us that the supreme mistake in all our educational methods has been right here: The use of a foreign language in our public schools has been almost an act of treason."

ORDER RESTORED IN EGYPT AFTER MANY CASUALTIES

Four Hundred Arrests Made as Result of Recent Rioting.

CAIRO, Saturday, April 13.—An official statement issued at the headquarters of Gen. Allenby, Special High Commissioner for Egypt and the Sudan, to-day reads:

"Since noon yesterday quiet prevailed throughout Egypt. An attempt on Thursday to tamper with a railway resulted in five arrests, while attempts to interfere with telegraphic communication resulted in the village of Beni Rembil being surrounded and given three days in which to produce the guilty persons. On Friday, two rioters were killed

and one was wounded when they were caught cutting telephone wires near Uena.

"A deputation of prominent Alexandrian citizens has cabled the commanding officer, deploring disorders on Thursday and expressing appreciation of the forbearance of the troops. Four hundred persons have been arrested in connection with recent rioting.

Apart from collisions with mobs on April 8, 9, 10 and 11, four officers and fifteen men have been killed through attacks on individuals. The police report the civilian casualties for the twenty-four hours ending at noon on Friday as being three killed and fifteen wounded.

The deputation of Egyptian Nationalists which has been given permission to go to England was given an enthusiastic farewell yesterday. At Malta the deputation will pick up Said Zagloul Pasha, the former Minister of Justice and leader of the campaign for complete autonomy.

MRS. MCCOY WINS IN CARNEGIE TRUST ACTION FOR \$4,000

Doesn't Only Not Have to Pay Judgment, but Will Collect \$14.

The failure of George C. Van Tassel, former State Superintendent of Banks, to serve properly a summons and complaint on Mrs. Catherine L. McCoy, wife of John H. McCoy, the Democratic leader of Kings county, resulted in Mrs. McCoy winning a suit which was started against her by the present Superintendent of Banks, George C. Skinner. She was sued for \$4,000 as a stockholder in the defunct Carnegie Trust Company, and by the decision of Justice Charles L. Guy made public to-day she not only does not have to pay the money, but she will collect \$14 in costs from the State.

The Carnegie Trust Company failed Jan. 7, 1911, and it was found the liabilities exceeded the assets by more than \$1,500,000. The Superintendent of Banks demanded \$100 a share from the stockholders. There were fifteen thousand shares of stock and Mrs. McCoy owned forty shares and was requested to pay \$4,000. Some of the stockholders settled immediately and others were sued.

Judgment was taken against Mrs. McCoy for that amount on Dec. 26, 1917, but later she managed to have the verdict set aside, contending that she had not been served with the papers in the suit. On Nov. 28 last the present Superintendent of Banks, Mr. Skinner, again sued Mrs. McCoy. Her lawyer, Joseph V. Gallagher, in his defense contended that inasmuch as six years had elapsed from the failure of the bank to the beginning of the last suit, the statute of limitations should apply. This stand was sustained by Justice Guy, so Mrs. McCoy collects \$14 instead of paying out \$4,000.

WAR OFFICE TO PUBLISH BOLSHEVİK PROPAGANDA

Pamphlets Believed Responsible for Undermining Morale of U. S. Troops in Russia.

WASHINGTON, April 13.—A mass of Bolshevik propaganda, believed responsible for undermining the morale of American troops in Russia, has been received at the War Department and will be published.

The propaganda was taken by army authorities from letters forwarded by soldiers to their relatives in the United States.

Much of the propaganda was directed at British troops. All pamphlets declare that Allied troops are in Russia as part of the conspiracy to restore a Czar to power. One leaflet under the heading "All Lies" declared that Allied troops are in Russia against the will of the people and that "except for a few hungry peasants" immediately around Archangel the Russian people wish to be left alone to work out their own destiny.

WILL CEMENT GROW GRASS?

That Is the Question That Glen Rock, N. J., Is Interested In.

GLEN ROCK, N. J., April 14.—Will 100 pounds of cement sprinkled on a lawn be conducive to growing a fine, velvet patch of grass on a lawn? Not according to nature's way of doing things.

Therefore a surprise will await C. Van Dyk See, owner of a residence on Wilton Street, when he returns home from his West. He left a relative in charge of his house. She wanted to surprise him with a fine lawn and hired a man who said he was an expert. She told him to go into the cellar and get the fertilizer and lime. The "expert" did. But he used cement and liberally sprinkled it over the lawn. Mr. See is left to find a fine mauling driveway instead of the green patch when he returns.

As a part of the ceremonies in honor of the regiment, Consul General Tritoni, representing Italy in New York, will present the medal to Col. Wallace. Representatives of the two states and of Italian societies will take part in the ceremony.

Judge Landis Reversed in Famous Baby Case.

WASHINGTON, April 14.—The Supreme Court today decided Federal Judge Landis did not have jurisdiction to decide the famous Ryan-Matters case which attracted country-wide attention a few years ago. Margaret Ryan, a Canadian girl, claimed that Anna Dolly Ledgerwood, actress, had kidnapped her son, an out-of-wedlock baby from a Canadian captain a few days after his birth and brought it to Chicago as her own. Mrs. Matters contended that the baby was her own. Judge Landis decided against Mrs. Matters, who appealed to the Supreme Court.

HELD IN JAIL BY BOLSHEVİK, HEARD MANY CAPTIVES SHOT

Count Dentia Frazzo, Here on Italian Mission, Thinks Allies Should Have Aided Kerensky.

Count Dentia Frazzo, member of the Italian Parliament, who is going to Washington on a special mission, arrived here today on the Duka D'Aosta.

Early in the war he was a Cavalry Colonel on the Cavo front, after which he was sent to Petrograd, where he arrived just five days before the first revolution. He said he believed the Allies would have saved themselves much trouble if they had given prompt and adequate assistance to Kerensky. When the Bolsheviks came into power Count Frazzo was arrested and thrown into jail without trial. Every morning some of the prisoners were taken away, he said, and shots were fired immediately afterward.

"It was a Bolshevik leader by the name of Lutsky who had me arrested," said the Count. "Later he was locked up in the same jail. I don't know whether he was executed or not. I finally got a letter to Trotsky demanding to know the charges against me. The answer was that I was believed to be a spy for the Allies and to have given money to 'counter revolutionaries.' The charge was absurd, and I got out of the country."

Inspector Henry Back on Duty. Police Inspector Dominick Henry, in charge of the Upper Tenderloin district, returns to his desk this morning. He has been confined to his home, No. 315 Central Park West, for a week by an attack of influenza.

CLOTHES FOR OUR MEN

"Made in Our Own Shops"

THIS advertisement was inspired by two 27th Division men. Preparatory to doffing their uniforms and donning civilian clothes they had selected suits here.

This is what one of them said:

"How good it is, after having gone all over town, to come here and find that the first suits we put on are just the ones we want."

"Our Boys"—who did the fighting—do not wish to look like advertisements for this or that brand of clothes. They want clothes that are distinctive—that express their own individualities—that represent genuine Fifth Avenue styles and can't be distinguished from custom fabrics, models and tailoring except by the price-tickets.

No wonder soldiers, sailors and civilians take to these medium-weight Spring suits and coats at
